Build with the Best

- Highest Quality Components
- 3/8 Inch or 1/2 Inch Heavy Glass
- Virtually Maintenance Free
- Professional Installation
- Fully Warranted

1 Headers and Channels

Extrusions are made from either anodized aluminum or optional solid brass, available in a wide variety of finishes. We also offer upgrades to clip systems that can be used with or without channels.

2 Precision Hardware

Oasis enclosures employ durable precision-machined brass hinges to ensure long-term, dependable, and trouble-free service. Available in wall mount, pivot, and glass-to-glass.

3 Towel Bars, Pulls & Handles

Oasis enclosures can be outfitted with a variety of towel bars, door handles and pull combinations. Styles are available in a wide variety of finishes with or without metal washers.

4 Safety Tempered Glass

Oasis offers dozens of glass options in 3/8 and 1/2 inch heavy glass, in both standard and low iron options with polished edges. Optional permanent glass protectant reduces cleaning time up to 90%.

Oasis Neo-Angle Specifications:

Frameless

Oasis Frameless Neo-Angle Enclosures feature 3/8" thick safety tempered glass with polished edges. Hinges and handles are solid brass and are custom plated to match project finishes. All extrusions are anodized aluminum to resist corrosion. Mildew Resistant Silicone is used to seal extrusion to tile. Enclosures are templated for precise measurement by Oasis Shower Doors.

Available Options and Upgrades:

1/2" glass, decorative towel bar/handle, permanent surface protectant (reduces cleaning time by up to 90%), mounting clips, obscure & pattern glass.

Builder Resources

Visit OasisShowerDoors.com for more online specs and other builder and architectural resources.

Hardware Styles

Standard commercial hardware includes through-the-glass D-pulls, D-pull and towel bar combo, or towel bar separately, in specified finishes. Decorative towel bar/handle upgrades available.

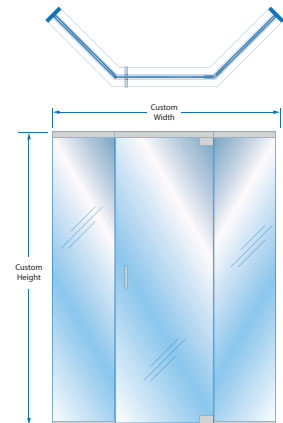

Brass tubular hardware with overlaid finish

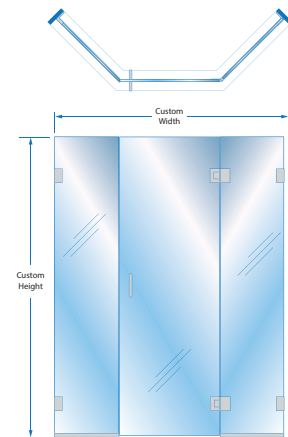

Note: Panel stabilizer bar recommended for headerless designs that hinge door off of panel.

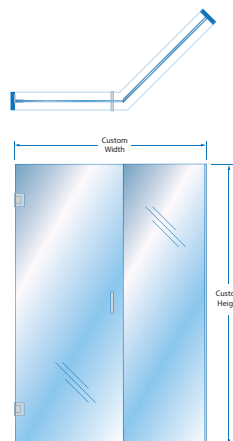

Typical configurations shown. Custom configurations available for any Oasis enclosure.
